

AUDITING · FINANCIAL PLANNING · LEGAL COMPLIANCE

HELPING YOU  MAKE THE RIGHT MOVE

C2M COMPANY PROFILE

Chartered Accountants Inc.

C2M Chartered Accountants was founded in 1997, with the vision to supply dynamic, comprehensive and industry-specific financial services. Our medium-sized practice is a registered member of the South African Institute of Chartered Accountants (SAICA) and of the Independent Regulatory Board for Auditors (IRBA). Over the past decade, the C2M group has grown to a capacity of three partners, one associate and over one hundred staff members. Annually we ensure audit, tax and statutory compliance for more than 3 000 clients.

C2M is passionate about the strategic positioning of our client's entities. We utilise our audit, financial planning and wealth management expertise to help our clients succeed! The focus of our business is simple: cost effective advice centred around the specific needs of the client.

The C2M team is renowned for breaking down general perceptions about stereotypical Accountants and their methodology. We provide practical information that our clients can really apply. We place a high priority on teamwork and believe that values such as respect and integrity are of utmost importance.

SERVICE SYNERGY

Due to increasingly complex challenges in the South African financial industry, largely as a result of financial governing bodies enforcing disclosure and transparency, the ongoing commitment of C2M to supply industry-specific solutions has resulted in the extension of our services and the integration of **C2M Consult**.

The integration of the specialised functions of C2M Consult enables us to provide comprehensive advice in a much shorter timeframe. Thanks to the co-operation of a dedicated Auditor and Certified Financial Planner, who apply a hands-on approach, we can offer clients seamless wealth preservation and growth solutions.

While C2M Chartered Accountants is focused on audit, tax and accounting solutions, C2M Consult provides the full spectrum of insurance, investment and fiduciary services. This includes financial planning, the administration of wills and trusts, as well as estate management. C2M Consult pushes boundaries to provide leading wealth management results. Our pioneering approach drives us to ensure the best possible solutions for each of our clients.

C2M'S CORPORATE SOCIAL RESPONSIBILITY

C2M is involved in various charity and community projects. This includes financial support and pro bono advice to Public Benefit Organisations such as the Paarl School, a school for neurally handicapped children, as well as the Phillipi Children's Centre. The C2M group is well-known for its continuous financial support of the Durbanville/Bellville Rugby Club and Durbanville Junior Rugby Academy. At C2M we believe that the passion for sport unites a nation... it creates a platform that helps individuals to grow and develop despite social and economical disparities! The Junior Academy utilises sport as a medium to develop and uplift the youth of the Durbanville community. Many schools in the Durbanville area do not have enough players to participate in the domestic league. In order to fulfil this need, the Durbanville Junior Rugby Academy was established. This provides the opportunity for learners, not only to play rugby, but also to receive high level training and widen their horizons as they play with children from different schools and socio-economical backgrounds.
